

Final Rule Stakeholder Call

Topic: Update on STP Workgroup and Onsite Assessment

8-17-2016

Noon call: (48 participants on the line)

1. Will we be able to know who the people are that are on the workgroups that started?
 - a. We have a list of those individuals and can post it on the website
2. I heard you mention certain waivers will be considered compliance – regarding self-directed services, specifically on IDD, will they also be considered compliant?
 - a. Yes, if they are living in their homes.
3. The HCBS consumer survey that is on the website. Can you give us an update?
 - a. It went out, been out about 2 weeks. Getting responses back. Waiting to get some more responses back and see what we have.
4. Who is the appropriate person to assist them in completing that survey if they do not have a guardian?
 - a. It's who they want to help them.
 - i. Many of them only have support from an HCBS provider.
 1. If someone only has that as their support system, then that's who they can use.
5. When the group comes in to do the heightened scrutiny for Assisted Living Homes how long does that help?
 - a. Goal is to take a few hours. Helpful if you're prepared for us so we can be there as short of a time as possible.
6. How long from the assessment until we're notified of compliance?
 - a. Our goal is within 30 days (a letter or email).
7. How do we know what time we're coming?
 - a. Ask for an approximate time.
8. When did you say the STP would be amended and when would it be sent out for review?
 - a. We're visiting in house and with KDHE and CMS
 - b. Will post for 30 days for public comment and taken those comments and answer whether we changed the plan to address it or if we felt it was already in the plan/was necessary.
9. Is there someone already on the PCSP that has experience with PCSP?
 - a. Yes, I think that group has extensive experience with members representing many different sectors of HCBS – InterHab, CLO, family member, MCOs, etc.
10. Comment: These calls are very valuable – it's good to keep up with what's going on and another value – we know that there's a lot of rumors and gives us a chance to ask direct questions.
