

Chapter 27 – Pre-Defined Reports and AdHoc Queries

Pre-Defined Reports

This chapter has been omitted from the KAMIS Manual. There is a separate manual. This was done due to the specialized subject and the size. The manual describes the pre-defined report processes and details on each report available in KAMIS.

AdHoc Queries

This chapter has been omitted from the KAMIS Manual. There is a separate manual and one day training. This was done due to the specialized subject and the size. The manual describes the AdHoc Query processes available in KAMIS.
