

— Preventing Youth Suicide —

DO YOU KNOW WHAT TO DO?

If I am a school employee, I can...

- **Be willing to listen** without judgment.
- **Download the Columbia Suicide Severity Rating Scale** screener tool and champion protocol changes for successful implementation within my school or district: <http://cssrs.columbia.edu/the-scale-in-action/schools/>.
- **Use my Communities that Care data** to guide decisions about how to implement prevention initiatives: <http://kctcdata.org/>.
- **Promote the National Suicide Prevention Lifeline** (1-800-273-8255) in consistent ways throughout the school year such as printing the number on student ID cards.
- **Social emotional learning initiatives** that focus on building social skills especially problem-solving skills are effective upstream efforts to reduce suicide and other risky behaviors in students.
- **Implement evidence-based screening** for depression and suicide for the entire student body. Depression is treatable, and suicide is preventable! Early identification and referral to treatment will support students who are experiencing higher risks for suicide.
- **Participate in the National Alliance on Mental Illness (NAMI) Provider Education Program** or the Ending the Silence for School Staff presentation: <https://namikansas.org/programs/for-professionals/>.

Help and resources are available!
