Welcome to the KDHE Medical Assistance Eligibility Policy Webpage.

This web page contains official eligibility policies for the Medical Assistance programs. Eligibility policy manuals as well as all implementation instructions, policy memos and other policy materials are found on this page. Updates occur periodically as policy changes or clarifications are issued.

Note the MKEESM completely replaces the DCF KEESM as the source for medical assistance policy effective August 1, 2017. This pertains to forms, appendix items and other materials found on this page.
